helps our work in Romania

December 2007

## Some Financial Issues

- Now that Romania is an EU member we are no longer able to recover VAT on our purchases.
- We have recently obtained a license to be a 'Medicines Wholesale Dealer' which we hope will enable us to buy from other wholesalers and manufacturers at attractive prices.
- Gift Aid adds 28p in the pound to donations from supporters who are taxpayers. From next April, the tax recovered will drop to 25p in the pound.
- We normally raise sufficient funds for one of the quarterly medicine shipments to the Children's Hospital by selling DVDs of a Guildford school's Christmas production to the parents. This year the Lloyd Webber organisation would not permit videoing, so we have lost that source of income.
- Pastors in Romania will receive a 15% salary increase from 1st January 2008, and we will aim to meet this for the salaries that we provide.
- We aim to increase the grant for children and young people to go to evangelistic summer camps from £1,000 to £1,500 for 2008, and will need to supply larger quantities of materials for craft, etc.
- We need to fund the completion of churches in Gornesti and Sangeorgiu de Padure.
- We need to start church building projects in Baluseri and Fantanele villages.
- Daniel Hristea needs a Project Manager for the Better Home Project
